

2ND ANNUAL
Elite Genetics Online Sale

LEVELDALE POLLED HEREFORDS
& RSK FARMS

October 11-15, 2014
Liveauctions.tv

From Leveldale Polled Herefords

Welcome to our 2nd Annual Elite Genetics Online Sale! It is once again our pleasure to host this sale with our friends & fellow breeders, RSK Farms.

It is exciting being in the cattle business with markets at all time highs! Prices in which we have only dreamed of and an outlook in the industry that could be here for awhile! This is the time to analyse your own herds and capture the values of these markets. We are believers that 20% of your herd, due to quality, age or fondness - do not pay for themselves! They come along for the ride and make the others do the work. It's time to move this group on and you will get paid very well for them. Improve your herd and make it younger and stronger. Add some quality and stronger genetics to your base with the Leveldale breeding program. This will only improve the Hereford Breed!

At Leveldale, we have on offer some Outstanding Young Female Opportunities. Bred heifers with great pedigree's, EPD's, and they are all very complete in their make-up. These females have very exciting service sires that are the latest genetics in our herd. Our heifer calves come right off the top end of our herd. We showed them at the SK & MB Field Days; where 11B and 9B were Champion Heifer Calves and 11B was the Champion Female at the SK Field Day.

Your biggest opportunity within our offering is to partner up with Leveldale on our herd sire, PCL Y Not Me R117 ET 1Y. His calves are outstanding, both bulls & females! We will work out a breeding arrangement with the new owner that will work for you.

We would like to thank all of our past bidders & buyers for their continued support in our program. Please note that all of our female sale lots are in the process of having their DNA samples collected for genetic abnormalities. If we can be of any assistance, please call or drop by to see our herd. We would be pleased to show you around. Be sure to visit www.leveldale.ca to view video's of our entire sale offering.

Respectfully,

From RSK Farms

Welcome to the 2nd Annual Elite Genetics Online Sale. In our follow up year of this sale we feel that we have put together an amazing set of heifer calves, breds and clubby prospects. It is still an honor to be hosting the sale with our neighbors and good friends the Allison's.

Record prices are still having a positive effect on the industry and excitement has never been higher. With calf and cull prices looking to be strong into the future, now is the time to replace those older less productive cows with newer youthful replacement stock. I believe our sale line up can do just that.

With functional solid bred heifers sired by RSK Down Under 6U, and bred to our new upcoming sires like RSK 719T Freestyle 4Z and RSK 719T Yuma 24Z, these ladies will provide the stay-ability and return needed into the years. Couple the offering with our top Hereford heifer calves of the 2014 year and an awesome selection of clubby prospects, there is definitely something for everyone's needs.

Remember that we offer junior and 4-H discounts on every animal and we are part of the CJHA Heifer Lottery Program. We guarantee all RSK consignments are free of genetic abnormalities. If you have any question about any of our sale lots feel free to contact us about them or even better stop in and have a tour. You can also visit www.rskfarms.ca for full info on the RSK herd or visit www.liveauctions.tv to bid.

Cheers,

Starlet 9N—Dam of Lot 1

When an opportunity like owning part of this popular Herd Sire presents itself, “Y Not” get involved! We have decided to give you the opportunity to own part of this great breeding bull. We are selling **1/2 Interest, 1/2 Possession**. 1Y has a star packed pedigree, calving ease, performance and maternal traits all in one! Isn't that what we are all looking for?! We are very pleased with his offspring that we have seen to date. Moderate frame size, thick, very well balanced and pigmented—what else could you ask for?!

1Y sired the Champion Heifer Calf and Champion Female of the Saskatchewan Hereford Field Day, along with another heifer class winner and 2nd in class with the 1Y Bull Calf. At the Manitoba Hereford Field Day, he also sired two heifer calf class winners and the Senior Female Champion had a heifer calf sired by 1Y.

Come look for yourselves, and see his entire calf crop. We would be pleased to show you all of his calves. We're positive you'll be just as impressed as we are. Please, feel free to contact us at any time to discuss this amazing opportunity! *Breeding arrangements will be worked out with new owner!*

LPH 28T - Dam of Lot 2

LPH 10Y - Maternal Sister

This 1Y female needs no introduction. She was Champion Female at the SK Hereford Field Day and a class winner at the MB Hereford Field Day this summer. Her dam, Temptress 28T is at the top of our female herd with many daughters in production. 11B's maternal sister was our high selling female in our 2012 sale and her maternal brother was our 2013 high selling bull. Temptation is as thick, stylish, functional, and eye appealing as they come so don't miss this opportunity!!

Dam of Lot 3

Champion Senior Pair at MB Hereford Field Day

Ms Tempted 22B is a standout in this years' sale. She really shows the great thickness and pattern that the 1Y daughters have. She was a class winner at the SK Hereford Field Day this summer. Her dam LPH 33Y is one of many great Show-time 829T females in production and has a flawless udder. Juniors, be sure to take notice of her, as she is one to take on the show road and build a herd around.

We cannot say enough about the influence of McCoy 32K Connie 131N in our herd. When you purchase a female, you don't know how she will work until you get daughters from her working in your herd. She has been a very proven female leaving both sons and daughters working in our herd. We usually don't part with her daughters, but decided to give you this rare opportunity to put these genetics into your herd. These are the 1st 1Y bred heifers to sell. Moderate frame, thick, well pigmented, and exceptional brood cow characteristics—the type of females to start a tremendous cow family from! **Both females are bred to Leveldale Harley 34X 5Z.** His calves on first calf heifers are phenomenal! This will be an exciting mating!

Harley 5Z - Sire of Lot 7

Here is a Harley 5Z daughter out of the great Zelda 29Z female. We had a tough time parting with this heifer but we know there will be more to come just like her. The Harley 5Z heifer calves have really impressed us especially being all out of first calf females. Zelda 2B has the volume and eye appeal that we strive for in a foundation female. I also wouldn't be scared to take her all over the show road. She placed 2nd in class to the Champion Female, Lot 2, at the SK Hereford Field Day. Here's another great female offered that you can build a herd around.

Co-Owned with Ross & Lorraine Madsen.

Dam of Lot 8

Belle 9B was a difficult female to part with being she is the only LPH 7Z female we had. Her sire was our high selling 2 year old this spring to Lynn Madsen, Wachoupe, SK. He turned heads as a calf when he won the All Breeds Bull Jackpot in Saskatoon. He was the only Hereford bull to ever accomplish this. 9B's dam is a terrific P606 X ANL Hard Copy female who has never missed for us. With the length, structure, and thickness Belle 9B has she is destined to follow in her sire and dams footsteps. **Co-Owned with Ross & Lorraine Madsen.**

Son of Sturgis 34X X Miss Madsen 50U (Mother of Dam)

Autumn 11A is a powerhouse of a female. Just take a look at her numbers and the maternal backing on both sides of her pedigree. She is a maternal sister to the Zelda 29Z female. This genetic combination may even be better yet. She is safe to the 29A bull so when you combine her pedigree with the Ribeye pedigree we are expecting great things to happen. If you want a proven female with this much mass and style, Autumn 11A is the one for you. **Co-Owned with Ross & Lorraine Madsen. Exposed to LPH 29A, April 5—July 25, 2014. **Victor 719T - Sire of Lot 17****Raftsman 16R - Sire of Dam**

Maternal greatness with amazing genotype pretty much sums this calf up, not to mention fancy, thick and long sided. The combination of Victor 719T on the top side and Raftsman 16R on the bottom works great. RSK 29B's Maternal Grandmother is also the Dam of Lot 1, a top donor female in the Phantom Creek Livestock herd.

Owned with Martin Chobotar, Vita, MB. Entered in MLE & CWA.

**Sire of Lot 18****Dam of Lot 18**

She is one of the first Rhino 48Y females to sell in Canada and out of the dam of RSK Freestyle 4Z, could this get any neater. Her dam RSK Sugar Cane 17X is one of our top producing females and has raised some very powerful and consistent offspring including RSK 55A (MLE and CWA Class winner) and RSK 719T Freestyle 4Z.

Tamara 73A has been a head turner from day one. She just keeps on getting better every day. Down Under 6U females are doing a fantastic job for us and Tamara 73A will be one of his best. She is a female that is quite moderate in size but very capacious with tremendous middle. Dark red and googled she is doing exactly what I expect from the Down Under x Tamara cross. AI'd to RSK 719T Yuma 24Z on April 16th 2014, pasture exposed to RSK 719T Freestyle 4Z from May 5th to July 12th 2014. Safe to AI of RSK 729T Yuma 24Z.

A nice little package in a very moderate size, this girl is put together quite well. She is super deep and full of volume for her stature. She is made correct and clean lined and is one that is hard to let go. Her Traveler mother is starting to really shine and has a great Freestyle bull calf on her this year. Pasture exposed to RSK 719T Freestyle 4Z from April 7th to July 12th 2014. Safe in calf.

Thriller - Sire of Lot 28

A performance type of steer this guy will just get better the older he gets. Very correct and angular in his makeup you will like the fanciness in this Thriller steer.

Terms & Conditions

PAYMENT: An invoice will be mailed to all purchasers following the sale. No animal shall leave RSK/Leveldale until payment has been received. Any animal remaining at either ranch because of payment still owing after 30 days will be charged a fee of \$3/day.

INSURANCE: Each animal becomes the buyer's risk immediately after the animal is sold. All purchases must be insured with your chosen representative. (Stockman's Agencies – Lois McRae: 204-728-3058)

GUARANTEE: All animals are sound and right, and all with a responsible breeder guarantee of satisfaction. All animals are sold under the terms and guarantees set forth by the Canadian Hereford Association.

Examinations shall have been conducted prior to sale on all serviced females.

CERTIFICATE OF REGISTRATION: Each animal is registered through the Canadian Hereford Association. Each animal's registration will be supplied to the purchaser after payment has been made.

DELIVERY: RSK and Leveldale will help each purchaser with arranging delivery on their purchase as soon as possible after the sale.

EXCHANGE RATE: The US/Canadian Exchange Rate will be announced prior to the sale.

DELIVERY TO US: We are happy to assist with the paperwork and getting your purchases across the border. Sellers are responsible for health papers & transportation costs from sellers yard to the border port. Buyer covers Brokerage, Other Associated Fees, and Transportation costs from border port to their destination of choice.

SHOW RIGHTS: Sellers Retain Show Rights On Any Animal For MLE and CWA 2014.

FLUSH & SEMEN RIGHTS: RSK Farms & Leveldale Polled Herefords reserve the right to flush any female or draw semen from any bull that is on offer. This will be at the buyer convenience and the sellers' expense.

ANNOUNCEMENTS: All announcements from the auctioneer or seller will take precedence over the printed matter within this catalogue.
