Why Choose RSK Farms For Your Next Herd Sire? It's easy!

- RSK Farms records and selects using Performance Data such as (Actual BW, WW and YW, EPD's, ADG, WDA, and Index Statistics)
 - RSK Farms records and selects using Ultrasound Data and Carcass Data such as (Backfat, Ribeye Area, Marbling and Lean Meat Yield)
 - RSK Farms completes breeding evaluation tests on all Bulls which includes (semen tests, scrotal measurements, body condition scoring and visual evaluation)
 - RSK Farms implements a strict health program to make sure all animals have received all vaccinations and preventative treatments.
 - RSK Farms will assist in having your purchase DNA tested for certain genetic traits to ensure that they are non carriers. New CHA Policy.
 - RSK Farms offers an optional winter feeding program and look forward to working with you to meet expected goals for your purchase.
- RSK Farms has selected some of the top genetics in the industry, designed to increase marketability. Other traits include do-ability, carcass, depth and docility.

Your bull buying experience should be an enjoyable process. It is an investment to the future and direction of your herd and program, whether commercial or purebred. So why not know everything you can about you next purchase. RSK Farms invites you to come and see what we have to offer, we enjoy visitors and showing you the operation!
