10th Anniversary ELITE GENETICS

ONLINE SALE

Welcome to the 10th Annual RSK Farms Elite Genetics Online Production Sale, hosted on smartauctions.co. We cannot believe it's been 10 years already, and what a rewarding and fantastic ride it's been.

It truly is amazing what a difference a year can make! This year seems like a walk in the park, both physically and emotionally. Last year's drought taught us as well as reminded us of a lot, like understanding the value in good genetics and being thoughtful of the consistency and merit to every female in the herd. With that being said, it has put us along with many others in a position where the cowherd is the best it's been from heavy culling due to shortage of feed. One thing about the agricultural industry is that we are a resilient bunch, not ones to easily give up and never afraid of a challenge; this is what makes being a producer the greatest job in the world!

It's always thrilling to see what the new year's calf crop brings and this year for us was like no other. We had the opportunity to use a variety of up and coming herdsires that we knew could be game changers for us. RSK 173D Command ET 91H, RSK SCK 7615 Double Down 30H, RSK 695D Pit Boss 101H and NJW 139C Balance 207H were all new junior herdsires that we used and honestly, could not be more elated about the quality, consistency and marketability of these new leading bulls and their progeny. You will find the first Command, Double Down and Pit Boss heifer calves on offer this year, the first in Canada and boy, it was hard to narrow it down. The bred heifer group is solid and honest, carrying the entire service to Balance!

Our embryo packages are very intriguing. The mating's are sired by All In 7165, Balance 207H and Rimrock 27C. You will also find semen from some of the leading herdsires in the RSK program.

We are very excited to have expanded Angus program that was moved here by Rideau Angus Farm. The depth and quality runs deep and with the new addition of W Sunrise Executive 4J, purchased for \$115,000, we could not be more enthusiastic about the future of the Angus herd. There are two very solid, extremely well put together heifer calves, sired by Triumph and Atlantis.

To all the juniors that are thinking of attending the Junior Nationals next year in PEI, please remember we provide amazing junior incentives for you, just check out this year's junior members that have excelled with our program, and remember that we are part of the CJHA heifer lottery program.

Everyone is welcome to join us for a Thanksgiving open house from Oct 8-11 at the RSK Farms Sale Barn; where you can view the offering, talk cattle, and enjoy some food and refreshments!

Hope to see you here!

October 8-11TH

CLOSE OUT AT 7:00PM OCT 11TH

RSK SALE FACILITY: 5 MILES NORTH OF DOUGLAS, MANITOBA

*Directions: From Brandon travel east on HWY #1 to the Douglas corner.
Turn north on Douglas RD (98W) and travel 5 miles to road 66N. Signs will be up.*

TERMS AND CONDITIONS

PAYMENT:

Payment must be made following the sale by all buyers in attendance of the sale. An invoice will be mailed to all online purchasers following the sale. No animal shall leave the consignors until payment has been received. Any animal remaining at either ranch because of payment still owing after 30 days will be charged a fee of \$5.00/day.

INSURANCE:

Each animal becomes the buyer's risk immediately after the animal is sold. All purchases must be insured with your chosen representative.

Keystone Livestock Service:
Lois McRae: 204-728-3058

GUARANTEE:

All animals are sound and right, and all with a responsible breeder guarantee of satisfaction.

All animals are guaranteed by the seller to be DLF, IEF, HYF, MSUDF, MDF.

All animals are sold under the terms and guarantees set forth by the CHA. Examinations shall have been conducted prior to sale on all serviced females.

CERTIFICATE OF REGISTRATION:

Each animal is registered through the CHA. Each animal's registration will be supplied to the purchaser after payment has been made.

DELIVERY:

The consignors will help each purchaser with arranging delivery on their purchase as soon as possible after the sale.

EXCHANGE RATE:

The US/Canadian Exchange Rate will be announced prior to the sale.

DELIVERY TO USA:

We are happy to assist with the paperwork and getting your purchases across the border. All US purchases will have a fee of \$450.00 added to the purchase price to cover the export costs.

FLUSH & SEMEN RIGHTS:

The consignors reserve the right to flush any female or draw semen from any bull that is on offer. This will be at the buyers' convenience and the sellers' expense.

ANNOUNCEMENTS:

All announcements from the auctioneer or seller will take precedence over the printed matter within this catalogue.

LIABILITY:

The owners, employees, their representatives and sale staff accept no liability for accidents that may occur and persons that attend do so at their own risk.

Join us for a Thanksgiving Weekend Open House.

We invite you to come and view the sale offering, have a bite to eat, a refreshment and talk cattle, Oct 8-11th.

smartauctions

Our next-generation technology allows cattle producers to participate in timed auctions on the go, without sacrificing their lifestyles or daily routines. SmartAuctions offers a totally mobile, totally reliable, totally secure bidding platform that allows you to view, select, bid, buy, and pay for all from the convenience of your smartphone, tablet, or PC.

Be Mobile. Bid Mobile. Bid Smart.

How to participate: Offering will sell via silent auction hosted by SmartAuctions. Go to www.smartauctions.co and click on the sale link. Go to home page of the sale and click on "register now" or text "RSK" to 762789. When the sale opens October 11th bidding will be available. There will be a horse race style closeout on October 13th at 7pm CT. Each time a bid occurs within the last five minutes the clock will reset to five minutes. The time will not run out until no bids occur for five minutes.

**Questions/Assistance - If you have questions or require assistance, please contact
Jessy Milne Smith @ 613-229-1073. Contact SmartAuctions at 937.733.6000 with any questions or support.**

As her name states, Miss Ivory 7K is precious to us. She is the heifer calf that was never to be cataloged, but being that it's our 10th anniversary we decided to add a very special opportunity. Miss Ivory could possibly be one of the best heifer calves that we have ever raised, and seeing what Command has accomplished in his first year of breeding, you might agree. We love the look and appeal of Ivory. She has some amazing shape and power, but keeps a feminine, angular and clean look to her. Her dam has really out done herself this year raising this tremendous calf. She was the Champion Senior Heifer Calf at the 2022 MHA Field Day and we believe that this is just the start. **HOMO-POLLED.**

Miss Princess 34K will be the very first Double Down female to sell in Canada and we could not be more proud of her. The Princess cow family continues year after year to hit grand slams and 34K is a four run, out of the park home run. We love the mass and substance of this heifer calf. She just puts everything together so well. Bold hiped, big middled and long bodied. She is so explosive in her barrel and to top it off short marked and goggled. Her maternal sister was sold in the 2021 GAG Sale to Harvie Ranching and so far is leaving a very positive mark there. Another maternal sister sells as lot 16 in this year's sale, check her out. PS. Miss Princess 34K is Jessy's pick from the day she was born. **HOMO-POLLED. TERMS TO BE ANNOUNCED.**

Miss Lady Majestic 2K is super stylish, feminine and just flat out cool. Just check out the awesome look she has with that short marked red necked presence and goggles to boot. Her front end extension is impressive and she ties her big long body into a picture perfect quarter. Her dam was purchased out of the Churchill Cattle Co. female sale and has really put everything into her first calf. Check out her pedigree, its impressive. Her sire Majestic needs zero introduction, just look at what he has been doing for the Churchill program. Not many Majestic females have been put on offer in Canada and with that being said, Lady Majestic 2K is a special one.

Miss Firefly 127K has the look, the presence and has the style just like her dam does. There's power there and stretch. Being a Truman daughter she possesses a great amount of stoutness and performance for her age. Her dam was the \$33000 high seller at the 2016 CWA sale and has raised some tremendous progeny. Check out her age being an end of March she will dominate in the junior heifer calf division this year.

Miss Tamara 51K is packed with style, appeal and that look of greatness. The Tamara cow family is a staple at RSK and around the country. Combining her dam with the one and only Supreme Champion United just worked great. We have three full sisters to her dam in our herd which makes a bold statement about the quality of this cow family. In fact study the pedigree of lot 13, RSK 67J and you will notice many similarities.

 JDL JANICE 303T 201X

We nicknamed her Laura, but her real name is Miss Janice 15K. She is sired by RSK 695D Pit Boss 101H who was sold to Horner Cattle Company in the 2021 EG Bull Sale and boy has he seen some work there, leaving a tremendous mark on their commercial program. This is why we breed them though, to make a positive change. Her dam has also accomplished the same at RSK always making them right. Her maternal sister was sold to Richaud Stock Farms in the 2020 EG Sale. Another maternal sister was sold to Hayfever Farms in 2021. Analyze the correctness and skeleton of 15K. Combine it with her over powering length, top and rib and its evident why Pit Boss 101H has been a leading star, both in our program and HCC.

If ever there was a heifer calf prospect that has the most potential of being a tremendous female as she matures, then Miss Xkeona 76K is it. Sired by Command and out of an up and coming star by Titelist 13C, this heifer calf in our eyes is a sleeper. Study her pedigree and her amazing number profile and really analyze her in the flesh and you might agree. I only wish that we would have kept more Titelist daughters. Miss Xkeona 76K has the length, capacity and rib shape. She's balanced and does have the style, but just with a touch more body.

1K is bred to be a cornerstone female in your program. Her sire Coleman Triumph 9145 was the \$255,000 phenomenon to sell in the 2020 Coleman Fall Production Sale, backed by great ones like BRAVO, CHLOE & DONNA. Her grandam is the legendary SAV Blackcap May 4610, flush mate to the \$260,000 SAV Cutting Edge 4857. Her young two year Insight dam knocked it out of the park on her first go with this calf. She's super correct, feminine, bold ribbed and has the look I love to see in a female.

POWER COW in the making is the first thing I think of when I look at 6K. She is the first female born here off of Square B Atlantis 8060 who is sired by none other than SAV Rainfall 6846. Her young dam is leaving her mark in our program consistently making power calves for us. Her grandam was purchased as a bred heifer from the Legendary Remitall Dispersal calving every year until she was 16 years old. Nancy 6K is solid from the ground up with so much muscle expression and depth of side. Her unique pedigree and power design makes her a valuable breeding tool to add to any program.

There's many memories, emotions and good times with Miss Magnolia 60B. I remember the day she sold in the EG Sale and Ross Madsen saying she was one of the most impressive breeds he had seen that year. Ross and I always enjoyed talking about Herefords and I really appreciated some of the stories and views he had about livestock. True to his word and never BS'd you or anyone for that matter. A great cattleman with an awesome eye for cattle. She will sell as part of the Madsen estate. Miss Magnolia 60B was the type he liked, massive volume and capacity, correct made, moderate and easy doing. She has been a great part of the herd and always brought a great one in every year.

PASTURE EXPOSED TO RSK 173D COMMAND ET 91H FROM APRIL 28TH TO JULY 16TH. OBSERVED BRED ON MAY 14TH.

"Command" has been an eye catcher since the day he was born. The minute he arrived we knew this calf was special. He puts everything together so well, right from phenotype to genotype. Command possesses a massive hip, loin and testicles wrapped in a structural package that is hard to beat. His movement and fluidity are unmatched by many with everything planted on a big solid foot. Command completes the package with beautiful balance and appeal, great extension in his front with a skull and shoulder structure that makes me feel comfortable in using him on heifers.

Genetically, Command is jam packed with greatness. His sire Endure is one of the most talked about Homo Polled performance bulls to surface in some time. He was the high selling bull at NJW for \$150,000 and semen has sold at auction for as high as \$750. His dam, Riesling was purchased out of the Mile High Sale from NextGen in 2016 by Harvie Ranching & Blair.Ag. She later went on to be named the 2016 CWA Champion Junior Female and CWA Reserve Champion Female!

Digby 20C was the 2017 CWA Champion Bull and top 10 finalist, 2017 Herefordbreeder.net Champion of North America, 2017 Ag EX Champion, 2017 MOE Show Champion and 2017 Harding Supreme Champion. Direct son from one of the breeds most influential females. Very correct in his structure, with a big solid foot. He has a presence and stature that can't be copied. Long necked and long spined, he will add pounds and performance to progeny all while maintaining appeal.

Truman was purchased out the Jensen Carload as a calf for \$25,000. I remember seeing a picture of him before the show on Facebook and was very impressed just from a picture. I had called Scott Harvie to take a look at him, since he was in Denver at the time for the show. I thought to myself, I'm probably not going to be able to afford him, but it was worth finding out. Long story short, we ending up partnering with Harvie Ranching to own the bull. Truman has left some very exciting females in the herd, adding pounds and do-ability, with shape, muscle and stoutness. His daughters are milking wonderful and bringing so much to the herd.

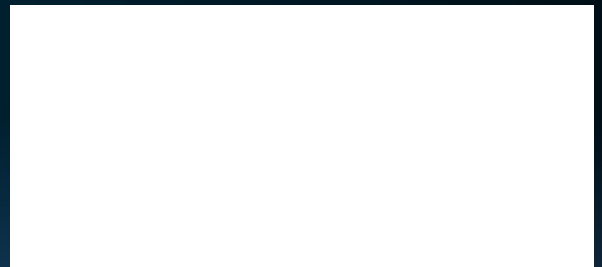

Field Day

RSK FARMS WAS VERY PROUD TO HAVE THE OPPORTUNITY TO HOST THE 2022 MHA FIELD DAY.
Thank you to everyone that exhibited, participated and sponsored an amazing Hereford Day!
