Elite Genetics

ONLINE SALE

Welcome to the 8th Annual RSK Farms Elite Genetics Online Production Sale, hosted on smartauctions.co by RSK Farms. The direction of 2020 has been an up and down rollercoaster for everyone, but I must say we have so much to be thankful for. I am always a cup half full type of person, but some days I wonder! 2020 and Covid have made us all look at how we manage every aspect of our lives, operations and marketing of our product. It has forced us to try new things and come out of our comfort zones. It's proved to us that we can do things differently and still be successful, it's proved the need to include an online option to our sales and proved to us the importance of reaching out to our customers and allowed us to become closer with our customers. This year the weather has been in our favor as well. In our area we have had adequate moisture and have been quite lucky between storms. Feed and grass have appreciated the moisture and sun and it shows in our feed yards. Our decisions in breeding have produced the best calf crop ever. Herd sires like Endure 173D, Truman 695D, All In 7165, Digby 20C, and Harlen 199B are working great, proving that they can provide a positive progression and influence on the herd. The progeny from these sires are excelling in our herd, as well as others and combining them with a strong maternal, functional cow base has generated the most exciting sale offering to date.

This year's sale features an amazing opportunity to add an exciting new herdsire to your breeding plan as well. RSK 173D Command ET 91H is one of the most interesting herdsire prospects that we have raised. He checks so many of the right boxes and boasts a very complete genetic package. A paternal sister, RSK 173D Ms Firefly ET 98G follows him up as a powerful, super maternal donor prospect that we think very highly of. A half interest in this donor prospect will be on offer as well.

The heifer calf and replacement groups are truly exciting and backed by some of our best females, including a full sister to last year's high seller RSK 695D Miss Sage 12F. The heifer calves will make tremendous foundation females in the future and will be calves that will go out and contend in the ring. The bred heifer pen is a power group, and elite bred carrying early services to proven sires, like Homegrown 8Y, Expansion 135G, Frontier 174E and Harlen 199B.

A new addition to this year's sale, Jessy has decided to start offering some of her Angus. Last fall she moved a small group of females from her families' farm in Ontario to our place in Douglas. Rideau Angus Farm has been registering cattle in Canada for over 75 years. Jessy is the 4th generation to raise purebred cattle and we look forward to marketing more females and some Angus bulls in sales to come.

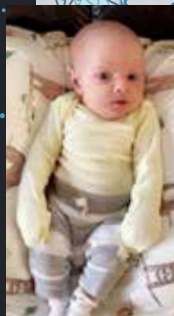

To all the juniors that are thinking of attending the Junior Nationals next year in Brandon, the Hereford or Angus shows, we would like to offer to keep the heifer calves at the farm and work with you to get them ready if they are headed to the show. We also provide some amazing junior incentives for you, just check out this year's junior members that have excelled with our program, and remember that we are part of the CJHA heifer lottery program.

This year's edition is hosted entirely on www.smartauctions.co. This online web host allows you to participate in timed auctions on the go, without sacrificing your lifestyle or daily routine. SmartAuctions offers a totally mobile, totally reliable, totally secure bidding platform that allows you to view, select, bid, buy, and pay for all from the convenience of your smartphone, tablet, or PC. In our off year from hosting a live sale, we are extremely pleased and excited to have our offering on this platform.

Everyone is welcome to join us for a Thanksgiving open house from Oct 10-13 at the RSK Farms Sale Barn; where you can view the offering, talk cattle, and enjoy some food and refreshments!

Hope to see you here!

We invite you to come and view the sale offering, have a bite to eat, refreshments and talk cattle, Oct 10-13th.

smartauctions

Our next-generation technology allows cattle producers to participate in timed auctions on the go, without sacrificing their lifestyles or daily routines. SmartAuctions offers a totally mobile, totally reliable, totally secure bidding platform that allows you to view, select, bid, buy, and pay for all from the convenience of your smartphone, tablet, or PC.

Be Mobile. Bid Mobile. Bid Smart.

How to participate: Offering will sell via silent auction hosted by SmartAuctions. Go to www.smartauctions.co and click on the sale link. Go to home page of the sale and click on "register now" or text "RSK" to 762789. When the sale opens October 11th bidding will be available. There will be a horse race style closeout on October 13th at 7pm CT. Each time a bid occurs within the last five minutes the clock will reset to five minutes. The time will not run out until no bids occur for five minutes.

Questions/Assistance - If you have questions or require assistance, please contact

Jessy Milne Smith @ 613-229-1073. Contact SmartAuctions at 937.733.6000 with any questions or support.

GETTING STARTED

Create An Account

How It Works

Payment & Delivery

VIEW VIDEO'S ONLINE AT

WWW.SMARTAUCTIONS.CO OR WWW.RSKFARMS.CA

TERMS AND CONDITIONS

PAYMENT:

Payment must be made following the sale by all buyers in attendance of the sale. An invoice will be mailed to all online purchasers following the sale. No animal shall leave the consignors until payment has been received. Any animal remaining at either ranch because of payment still owing after 30 days will be charged a fee of \$5.00/day.

INSURANCE:

Each animal becomes the buyer's risk immediately after the animal is sold. All purchases must be insured with your chosen representative.

(Keystone Livestock Service:

Lois McRae: 204-728-3058

GUARANTEE:

All animals are sound and right, and all with a responsible breeder guarantee of satisfaction. All animals are guaranteed by the seller to be DLF, IEF, HYF, MSUDF. All animals are sold under the terms and guarantees set forth by the Canadian Hereford Association. Examinations shall have been conducted prior to sale on all serviced females.

CERTIFICATE OF REGISTRATION:

Each animal is registered through the Canadian Hereford Association. Each animal's registration will be supplied to the purchaser after payment has been made.

DELIVERY: The consignors will help each purchaser with arranging delivery on their purchase as soon as possible after the sale.

EXCHANGE RATE: The US/Canadian Exchange Rate will be announced prior to the sale.

DELIVERY TO USA: We are happy to assist with the paperwork and getting your purchases across the border. All US purchases will have a fee of \$350.00 added to the purchase price to cover the export costs.

FLUSH & SEMEN RIGHTS: The consignors reserve the right to flush any female or draw semen from any bull that is on offer. This will be at the buyers' convenience and the sellers' expense.

ANNOUNCEMENTS:

All announcements from the auctioneer or seller will take precedence over the printed matter within this catalogue.

LIABILITY: The owners, employees, their representatives and sale staff accept no liability for accidents that may occur and persons that attend do so at their own risk.

"Command" has been an eye catcher since the day he was born. The minute he arrived we knew this calf was special. He puts everything together so well, right from phenotype to genotype. Command possesses a massive hip, loin and testicles wrapped in a structural package that is hard to beat. His movement and fluidity are unmatched by many with everything planted on a big solid foot. Command completes the package with beautiful balance and appeal, great extension in his front with a skull and shoulder structure that makes me feel comfortable in using him on heifers.

Genetically, Command is jam packed with greatness. His sire -Endure is one of the most talked about Homozygous Polled performance bulls to surface in some time. He was the high selling bull at NJW for \$150,000 and semen has sold at auction for as high as \$750. His dam, Riesling was purchased out of the Mile High Sale from NextGen in 2016 by Harvie Ranching & Blair.ag. She later went on to be named the 2016 CWA Champion Junior Female and CWA Reserve Champion Female! Her progeny has been topping sales and domination in the show ring!

I did promise Jess that this girl would never be sold in the sale, but I also said that about her Lot 1 bred heifer last year too! I wanted to include a very special female in this years offering, so to compromise we decided to offer up ½ interest in this powerful, lead off, Endure x Firefly bred heifer. I cant say enough about Firefly 98G. She is capacious, bold sprung and big middled. When it comes to balance, style and appeal, she has loads of it. Sired by Endure, who is making a splash in the Hereford breed, this heifer is backed by the incredible Harvie Firefly 19Z donor owned by Ehlike Herefords and Iron Lake Ranch.

SELLING ½ INTEREST

AI bred on April 26th, 2020 to NJW 73S W18 Homegrown 8Y. Pasture expose to Harvie AD Harlen ET 199B from May 3rd - May 21st, then exposed to RSK SCK 109 Catapult ET 34G from May 21st - July 7th. Preg test indicated safe to AI.

If ever there was a sale feature in the heifer calf pen, then I believe Sage 26H is the one. Her full sister, RSK 695D Miss Sage 12F was last years high seller at \$12000 and then went on the be Junior Champion Female at the 2019 AG Show in Brandon. Sage 26H is very complete possessing the power, capacity, balance and structure to make her a feature. I love everything about this heifer calf. She is deep sided and deep ribbed with tons of spring which just adds to the volume she exhibits. She is smooth made but rugged in her design, dominant but appealing as well. Check out her nicely balanced set of EPD's too, a for sure breeding female with a very high potential.

All In has been hitting it out of the park for us and Nina 24H is a prime example of that. In last years sale a full sister sold to Sarah Darraugh and she loves her. Nina 24H is made like her sister but just carries a touch more bone in her skeletal design. She has the power, substance and muscle pattern to rise to the top, which will make her a very rewarding breeding female down the road. I love the hip and stifle power that she displays. Look for Nina 24H to jump out at you on sale day!

The Trudy cow family is widely known in the Elite Genetics Sale as many Trudy daughters have sold throughout the years. Trudy 3H might just be one of the best yet. She will be a performance cow just like her dam and has the potential to raise you your next herdsire. Trudy is long sided, long hipped and long necked. She has great balance and is deep sided, all of the things we look for in a power calf. The Truman x Wonder combo has worked very well and we could not be happier with this mating.

Its not everyday a bred heifer of this caliber comes along. This Truman daughter is made pretty sweet. She is moderate made but full of volume, thickness, and appeal. Her dark cherry red color and short markings make her stand out. Her dam was purchased from the Royal Elite sale for \$11500 from JDL Cattle Co. The Janice cow family has 25 plus years of breeding and is their top cow family in production. A paternal sister to Janice 17G's grand dam was named the 2017 Toronto Royal Supreme Champion!

AI bred on April 26th, 2020 to Harvie Expansion ET 135G. Pasture expose to Harvie AD Harlen ET 199B from May 3rd - May 21st, then exposed to RSK SCK 109 Catapult ET 34G from May 21st - July 7th. Preg test indicated safe to Harlen.

These two Digby sired heifers are the real deal. They are stout made, tremendous muscle patterned, long sided, strong in structure and presence just like their sire. Add in the power and capacity of the Xkeona 1A donor dam and you can see just why this matting clicked. They just get more and more impressive each day and I can't wait to see how these two will mature. The words powerful donor female will be associated with these heifer calves.

Kitty 120G will be an eye catcher come sale day, she draws your eye with her appeal and balance. She would be one of the longest sided breds in the sale. She is modeled after her sire very well, perfect structure and nice movement. Kitty 120G is backed by a highly maternal Trust daughter that just keeps bringing in good ones.

AI bred on April 26th, 2020 to Whitehawk Warrior 845C.

Pasture expose to Harvie AD Harlen ET 199B from May 3rd - May 21st,

then exposed to RSK SCK 109 Catapult ET 34G from May 21st - July 7th. Preg test indicated safe to Warrior.

RSK 20C MISS KITTY 120G

Congratulations

TO ALL THE JUNIORS THAT HAVE SUPPORTED OUR PROGRAM

JUNIOR INCENTIVE PROGRAM

4-H SHOWS » CLASS WINNER \$100.00 OR GRAND OR RES CHAMPION \$250.00

CJHA BONANZA » CLASS WINNER \$250.00 DIVISION WINNER (CHAMPION OR RES) \$500.00
 GRAND CHAMPION \$1000.00 Res Grand Champion \$750.00

Juniors have purchased the animal in the sale and must send backdrop picture and description of their win to qualify

These two full sisters are what we like to see. They are moderate made, great structured and muscled and a very complete and striking pattern. The Tamara cow family has outdone and out performed in the RSK herd and many others too. Tamara 28H and 59H are backed by this tremendous cow family. I believe they have the appeal, smoothness and angles that fit well in a strong moderate frame. Put everything together and you get the best of both worlds; heifer calves backed by a strong proven cow family, as well as a female that puts everything together in an appealing show package.

Tamara 67H is one of the fanciest made heifers in the sale and I truly believe she will be very exciting for next years Junior National Show. Her Freestyle dam is coming into her own and has been knocking them out of the park. Tamara 67H has the stoutness, rib, and spring combined with a very stylish look about her.

Beauty 17H is just as her name states, a Beauty! This Truman sired moderate sized heifer calf will make a great Bonanza project for a very deserving Junior. Her Progress dam was purchased from Wascana and is fitting in quite nice at RSK, consistently raising a good one every year. She is a beauty of a package, great structure, great pattern and great eye appeal being dark cherry red and pigmented.

She's a Sparkle's. These words have been in almost every Elite Genetics Sale to date. The Sparkles cow family is part of many herds throughout Canada and many females are working in their new homes, like Harvie Ranching and Bujod Farms. Adding Cool Water to the mix worked well. 9G is short marked and cherry red and stands out as a great, no nonsense broody type of female. Lots of bottom third in this girl and carries the service to the great Maternal powerhouse Harlen.

AI bred on April 26th, 2020 to Whitehawk Warrior 845C. Pasture expose to Harvie AD Harlen ET 199B from May 3rd - May 21st, then exposed to RSK SCK 109 Catapult ET 34G from May 21st - July 7th. Preg test indicated safe to Catapult.

Classy, appealing and feminine are just the perfect ways to describe this bred when you first see her. She is in a nice moderate frame and puts everything together in a perfect package. I love the style and markings with her, she has a beautiful front end and great extension in her front third, but backs it up with adequate body, volume and hip. Her dam is a Twenty Twelve daughter out of the great Xkeona donor female and I would say she will develop into a production female just like her dam and grand dam.

AI bred on April 26th, 2020 to NJW 73S W18 Homegrown 8Y. Pasture expose to Harvie AD Harlen ET 199B from May 3rd - May 21st, then exposed to RSK SCK 109 Catapult ET 34G from May 21st - July 7th. Preg test indicated safe to AI.

An exciting genetic opportunity here! These two flush sisters were acquired from North Perth Angus in the 2018 Premier & Guests Falls View Production sale. Their dam needs no introduction with herself being the flush sister to the \$260,000 SAV Cutting Edge 4857, a maternal sister to Genex sire SAV Priority 7283, SAV Brand Name 9115 and SAV Regard 4863. Their sire PVF Insight 0129 an American Angus Roll of Victory sire of the year has produced countless champions for breeders all across North American with his progeny dominating in the show ring. We are offering these two heifer calves on choice. Both are long, deep bodied females who are very structurally sound with loads of eye appeal. Both of these females have show ring and pasture front cow written all over them! We couldn't decide which one to sell so on sale day you get to pick your favourite!

I have always wanted to add a Braxton female to our herd and a few years back I was fortunate to have the opportunity to do so. This donor female came from Ehkle Herefords in Montana and could not be more pleased with her. In last years sale her "Leader" heifer was very popular being selected by Harvie Ranching, and wow do they love her!

Here is an opportunity to acquire embryos off of the 2016 Canadian Western Agribition Reserve Junior Female to none other than Endure. She was also the high selling bred female in 2016 at the CWA sale for \$33000 to Steven Knutson. The "Firefly" name is known world-wide as one of the leading families in the Hereford breed. She is super sweet through her front end and incredibly stout and powerful. This mating is stacked with greatness as these will be amazing progeny once they hit the ground.
