Welcome to the Sale

Welcome to the 7th Annual RSK Farms Elite Genetics Online Production Sale, hosted on smartauctions.co. It has been an interesting year and so many different factors have come into play: weather, production, and markets just to name a few, some up and some down. These ups and downs are becoming more and more prevalent in our industry, and it's sometimes not easy! We continually strive to become better, be progressive, efficient and sustainable, because every puzzle piece needs to fit together for success. Our passion for the industry that we love, and the future generations of our program help bring all the pieces together; it is part of what makes our industry so strong and so rewarding to be in.

Our investment in new and proven genetics is proving to be an amazing part of the puzzle. Herd sires like Truman 695D, All In 9615, Digby 20C, and Harlen 199B are working great, proving that they can provide a positive progression and influence on the herd. The progeny from these sires are excelling in our herd, as well as others and combining them with a strong maternal, functional cow base has generated the most exciting sale offering to date.

The heifer calf and replacement groups are truly exciting and backed by some of our best females like Princess 1Y, Ablaze 7A, Braxton 031A, Sparkles 148M, Firefly 51F and Sage 64Y, all donor females. The heifer calves will make tremendous foundation females in the future and will be calves that will go out and contend in the ring. The bred heifer pen is a power group, and elite bred carrying early services to proven sires, like Leader 6994, All-IN 9615, Victor 719T, and Harlen 199B.

Included in our bred heifer offering is the Reserve Champion Female at the CJHA Bonanza Show in Weyburn, RSK Lian Mor 695D Miss Sage 60F as well as a $\frac{3}{4}$ sister to her, RSK 695D Miss Sage 12F, both of which have donor and foundation female written all over them.

To all the juniors that are thinking of attending the Junior Nationals next year in Brandon, we would like to offer to keep the heifer calves at the farm and work with you to get them ready if they are headed to the show. We also provide some amazing junior incentives for you, just check out this year's junior members that have excelled with our program, and remember that we are part of the CJHA heifer lottery program.

This years edition is hosted entirely on www.smartauctions.co. This online web host allows you to participate in timed auctions on the go, without sacrificing your lifestyle or daily routine. SmartAuctions offers a totally mobile, totally reliable, totally secure bidding platform that allows you to view, select, bid, buy, and pay for all from the convenience of your smartphone, tablet, or PC. In our off year from hosting a live sale, we are extremely pleased and excited to have our offering on this platform.

Everyone is welcome to join us for a Thanksgiving open house from October 12-15 at the RSK Farms Sale Barn; were you can view the offering, talk cattle, and enjoy some food and refreshments!

Hope to see you here!

Terms and Conditions

SALE START: Bidding will open on October 12 at 9:00 am and closeout October 15 at 7:00 pm MT

PAYMENT: Terms of Sale are cash. After the sale ends RSK Farms will bill the winning purchasers. The cattle are being sold under the standard terms and conditions recommended by the Canadian Hereford Association.

INSURANCE: Each animal becomes the buyer's risk immediately after the animal is sold. All purchases must be insured with your chosen representative. (Keystone Livestock Service —Lois McRae: 204-728-3058)

GUARANTEE: All animals are sound and right, and all with a responsible breeder guarantee of satisfaction. All animals are guaranteed by the seller to be DLF, IEF, HYF, MSUDF. All animals are sold under the terms and guarantees set forth by the Canadian Hereford Association. Examinations shall have been conducted prior to sale on all serviced females.

EMBRYO GUARANTEE: All Embryos were collected at a certified and licensed embryo facility. All embryos are #1 quality, we do not guarantee conception rate because we cannot control elements such as how recips are managed or Mother Nature, but we do guarantee the quality of the embryo that we offer.

CERTIFICATE OF REGISTRATION: Each animal is registered through the Canadian Hereford Association. Each animal's registration will be supplied to the purchaser after payment has been made.

DELIVERY: RSK Farms will help each purchaser with arranging delivery on their purchase as soon as possible after the sale.

EXCHANGE RATE: The US/Canadian Exchange Rate will be announced prior to the sale.

DELIVERY TO USA: We are happy to assist with the paperwork and getting your purchases across the border. All US purchases will have a fee of \$350.00 added to the purchase price to cover the export costs.

SHOW RIGHTS: RSK Retains Show Rights On Any Animal For MLE and CWA 2019.

FLUSH & SEMEN RIGHTS: The consignors reserve the right to flush any female or draw semen from any bull that is on offer. This will be at the buyers' convenience and the sellers' expense.

LIABILITY: The owners, employees, their representatives and sale staff accept no liability for accidents that may occur and persons that attend do so at their own risk.

A Smarter Way to Buy Cattle smartauctions

Our next-generation technology allows cattle producers to participate in timed auctions on the go, without sacrificing their lifestyles or daily routines. SmartAuctions offers a totally mobile, totally reliable, totally secure bidding platform that allows you to view, select, bid, buy, and pay for all from the convenience of your smartphone, tablet, or PC. Be Mobile. Bid Mobile. Bid Smart.

HOW TO PARTICIPATE: Offering will sell via silent auction hosted by SmartAuctions. Go to www.smartauctions.co and click on the sale link. Go to home page of the sale and click on "register now" or text "RSK" to 52182

When the sale opens October 12th bidding will be available. There will be a horse race style closeout on October 15th at 7pm CT. Each time a bid occurs within the last five minutes the clock will reset to five minutes. The time will not run out until no bids occur for five minutes.

Questions/Assistance - If you have questions or require assistance, please contact Jessy Milne Smith @ 613-229-1073. Contact SmartAuctions at 937.733.6000 with any questions or support.

Sage, the name that summons quality, power, appeal and champions! Miss Sage 60F is no exception. Her Hometown x Miss Sage 64Y dam sold in the 2016 EGPS to Lian Morr Polled Herefords and was promoted with huge success. She has exceeded our expectations recently being named the 2019 CJHA Bonanza Reserve National Champion Female, Reserve Intermediate Bred Heifer and now 2019 EGPS sale feature. There is just so much good in this female, she's got the power, volume and capacity. She is correct, fluid moving and attractive - short marked, dark red and goggled eyed. Owned with Lian Mor Polled Herefords.

AI bred to TH 122 71I Victor 719T on April 15, 2019. Pasture exposed to Harvie AD Harlen ET 199B. Preg check indicates safe to AI service.

This is a hard one to part with for sure!! Miss Sage 12F is a Truman 695D daughter that acts like fine wine, getting more impressive every day. Her grand dam is here at RSK and is a donor for Morshogs Farm in Sweden where she has left her mark there also. Study this girl, the power, length, and depth of rib cannot be overlooked. She has a profile and presence to die for, the kind that will make you wish for 100 of them. Miss Sage 12F will be a foundation female, her name says so! 2019 MHA Field Day Class Winner

This heifer calf is just flat out great!! Princess 85G is one of the best calves that we have raised at RSK. She has so much power, mass, volume and muscle shape displayed already. She is explosive over the top and hip; a true beef cow in the making. She's the type that will raise you a herd bull or a foundation mama! Her dam is a performance female, and consistently raises the heavy ones. A maternal grand sister was one of the high sellers in last year's EG Sale to KCH and the princess cow family can be found in many of this year's offering. Truman 695D is leaving his mark on our herd, as well as many others, breeding stout, thick and correct progeny. Her full sister sells as lot 5, RSK 75G. A full brother was a 2019 MHA Field Day Class Winner.

The Tamara cow family has crossed very well with All In. Miss Tamara 74G's dam is a donor at RSK and has produced many champions, herself included as a Bonanza division winner in 2013. She is a show prospect and donor potential heifer, a perfect combination. She's super extended throughout and so smooth and correct, while exhibiting great rib shape and muscle pattern in a neat and tidy moderate package.

I have always wanted to have a Braxton female in our herd, and a few years back I was fortunate to have the opportunity to do so. Miss Braxton 94F's dam came from Ehlike Herefords in Montana and I could not be more pleased with her. Adding Leader 6994 just made perfect sense. She has all the right pieces in a great moderate package. She has extension throughout that just compliments her overall balance, femininity muscle pattern all while maintaining a very sound skeletal structure. 2019 MHA Field Day Class Winner AI bred to H RW All In 7165 ET on April 15, 2019. Pasture exposed to Harvie AD Harlen ET 199B. Preg check indicates safe to pasture exposure for March 1, 2020 calving.

World Champion progeny is on the block! This Leader daughter is one of the coolest and most complete packages ever! Add in the fact that she is out of one of the most winning females ever Ablaze 7A. Miss Ablaze 54G is super sweet fronted with great extension, very angular and clean lined. She has just the perfect amount of mass and middle, that in turn provides perfect balance and appeal. Leader calves have been topping sales all over North America, and combining Ablaze 7A into the mix, I can see big things to come. This one has Champion written all over her! 2019 MHA Field Day Class Winner.

She's a Sparkles!!!! That line is becoming famous every time we offer up a Sparkles female! The sparkles cow family has left an amazing influence on the RSK program as well as many others, like Havre Ranching, Bujold Farms and Bulter Valley Livestock to name a few. This female is feminine made, pretty to look at, and angular lined, just the type of female that will stand out.

AI bred to H RW All In 7165 ET on April 15, 2019. Pasture exposed to Harvie AD Harlen ET 199B. Preg check indicates safe to pasture exposure for February 10, 2020 calving.

CWA Grand Champion Bull 2017

Direct son from one of the breeds most influential females, full sibling progeny has averaged over \$8,000.00. Very correct in his structure, with a big solid foot. He has a presence and stature that can't be copied. Long necked and long spinned, he will add pounds and performance to progeny all while maintaining appeal.

Owned with Ehlke Herefords, MT

- 2017 CWA Canadian National Champion Bull and RBC top 10 Finalist
- 2017 Herefordbreeder.net Champion of North America
- 2017 AG EX Champion Hereford Bull
- 2017 Manitoba Summer MOE Champion Bull
- 2017 Harding Supreme Champion Bull
