RSK Farms**

# Welcome to the 3<sup>rd</sup> Annual Elite Genetics Bull Sale

We welcome you to the 3rd Annual Elite Genetics Sale, at a new location this year! The time has come to move the bull sale to the farm, 5 miles north of Douglas, MB, and we couldn't be more thrilled to do so. With close to 40 Hereford bulls on offer you will be able to evaluate the bulls in their home setting as well as with greater ease. The depth and quality of this year's offering is second to none. We still maintain our excitement and passion in the beef industry and the last year has been very rewarding. Most notable was RVP 51X Ablaze 7A and her heifer calf Harvie RSK Autumn who started the summer off winning the Canadian Jr. Nationals and staying undefeated throughout the fall, finally being named Herefordbreeds.net's "Champion of the World," in Fort Worth, TX. We were overwhelmed with the success of both the 2016 Elite Genetics Bull and Female sales, which were our best to date.

With yearlings, two year olds, and a 3 year old herd sire being presented, this group of bulls offer up a great set of breeding tools for the commercial or purebred breeders. Whether you need to add performance and carcass to your backgrounding and feeder operations or, add maternal power to develop replacements, this group of bulls will do it. Our calving ease bulls are designed to maintain growth and performance as well, which will make calving time easier for you, but put money in your pocket come fall. The sire groups in this year's event are trait leading and sired by some of the best Hereford sires in the industry backed by our best females.

This fact is evident not only in the bull offering, but by the pens of commercial females in the sale. Our "Hereford Influence Program" has been a great avenue for our buyers to market Elite Genetics sired females and we stand by them just like our bulls. There is no better reward than seeing our product reward our customers.

Many Elite Genetics customers are repeat and multiple buyers. This tells us that it's not just a bull business, but also a people business. Our customers are pleased with the product, but more importantly happy with an honest, reputable and knowledgeable service. The continued support from our customers is what is keeping us in a business that we love. Elite Genetics takes pride in this detail.

We invite you to join us on March 22nd at the farm north of Douglas, MB for the 3rd Annual Elite Genetics Bull Sale, hosted by RSK Farms and Leveldale Polled Herefords. We offer buyer discounts on multiple purchases, a sale day pick up discount of \$100.00 and a very affordable wintering program. There will also be a draw for some cool prizes after the sale. All you have to do is when you get your bidders number, name a herd sire that is used by RSK or LPH to be entered. The Elite Genetics Group can also assist you with any sight unseen purchasing. For our American friends, now is the time to take advantage of our Canadian dollar. Buy with confidence.

With great excitement we are pleased to welcome Tyler and Natasha Arthur, of Arthur Polled Herefords, to our future bull sales. As always, all the sale information will be online, including videos and pictures. Online bidding will also be available through Liveauctions.tv. Feel free to contact any Elite Genetics member for more assistance. Please join us for lunch and hospitalities on sale day!

See you sale day,

## *The Elite Genetics Sale Group*

## LPH/RSK Bull Warranty

LPH/RSK guarantees to sell you a bull that has passed a semen test performed by a licensed veterinarian. Should a LPH/RSK bull fail to be a satisfactory breeder that is unable to physically breed a cow or heifer, a credit will be given towards the purchase of another bull. We guarantee to provide you with a sound breeding bull, but will not provide replacement or credit for physical injury or mismanagement. Bearing this in mind, we strongly advise you to insure your bull. All problems must be reported to LPH/RSK in writing. The bull must be returned to LPH/RSK immediately when the problem is detected, at the buyer's expense. LPH/RSK will have the bull examined by a veterinarian, and will have 60 days to prove the bull a breeder. If the bull does not prove to be a breeder, the buyer will be entitled to a complete refund of the purchase price of the bull in question. Should the bull prove to be a breeder, he will be returned to the buyer at LPH/RSK expense, and the matter will be considered closed. In the case of losses, LPH/RSK will only be responsible for the original purchase price of the animal. We assume no liability, legal or otherwise, to make any compensation to the buyer. LPH/RSK reserves the right to in-herd semen use on any bull sold in the sale, with semen drawn at LPH/RSK expense, and the buyer's convenience.

## Wintering

Buyers choosing to have their bulls come back to LPH/RSK will be charged \$5.00 per day beginning April 22th. We recommend that you purchase insurance on your bull if returning to LPH/RSK.

## Delivery

LPH/RSK will offer free delivery on all bulls up to a 200km radius, additional mileage rates will apply after 200kms at cost. **If bulls are picked up on sale day, the buyer will receive a \$100.00 credit off their purchase.**

## USA Delivery

We are happy to assist with the paperwork and getting your purchases across the border. Sellers are responsible for health papers & transportation costs from seller's yard to the nearest border port or nearby location up to a cost of \$350.00. Buyer covers Brokerage, Other Associated Fees, and Transportation costs from the nearest border port or nearby location to their destination of choice.

## Commercial Female Delivery

All commercial females must be picked up sale day unless prior arrangements have been made with the seller.

## Volume Discount

Purchase 3 bulls to receive a 3% discount, 4 bulls for 4%, and 5 bulls for 5% and so on.

## Terms

The terms of the sale are cash or cheque, payable at par at the sales location, unless satisfactory credit or invoicing arrangements have been made prior to the sale. The right of property shall not pass until settlement has been made. US exchange rate will be made prior to the sale.

## Announcements

Announcements from the auctioneer will take precedence over any material printed in this catalogue.

## Registration & Transfer

A registration certificate of the animal will be duly transferred to the purchaser.

## Liability

The owners, their employees, sale staff, and representatives accept no liability for accidents that may occur. Persons who attend do so at their own risk

- The first McCoy Classified 53B daughter to sell.
- We are sure pleased with his first set of calves.
- Great color and pigmentation, sharp fronted with extra thickness are my first thoughts.
- One of Ryan Dorran's favorites on pasture tour day!

## SELECT GROUP OF BLACK BALDIE OPEN HEIFERS

Clayridge Stock Farms Inc.  
Bob & Dorothy Clay  
James & Melissa Clay  
Fairlight, SK  
Bob 306-646-4970  
James 306-434-6462

Here at Clayridge Stock Farms we are a 4th generation family run farm with 400 home raised black angus cows, located near Fairlight in south east Saskatchewan. We use Black Angus & Herford bulls from reputable breeders. Our breeding season is 60 days with our cows and 45 with our heifers. Fertility, disposition, easy fleshing ability, maternal instinct, and calving ease are the traits we strive for in our replacement heifers. We start calving in the beginning of April with the heifers & second week of April with cows. Some steer calves are sold in the fall, but most are backgrounded and sold later in the winter or spring via auction either thru the ring or on DLMS. All the heifers are kept till spring when the top 2/3 is sent to pasture to be bred and rest is culled. Traditionally bred heifers have been sold privately, but last year we partnered with 4 other producers, and had a sale in Virden MB. (Beyond Borders Bred Heifer) featuring quality replacement F1 bred females.

Calves are vaccinated when they go out to pasture and again when weaned with 8-way. Heifers are vaccinated in winter & prebreeding with live modified, for ibv,bvd.

RSK Farms is a family-run mixed farm which began operation in 1984. We are located approximately 14 kilometers east of Brandon, Manitoba, Canada along the Trans-Canada Highway. RSK Farms breeds approximately 120 females which consist of Purebred Polled Hereford and Commercial Cross cattle, with a goal of calving 200 Hereford calves a year. Our commercial herd is based around a three way cross of Hereford, Angus, and Simmental. Many of our commercial females will be utilized in our ET program. RSK Farms uses AI and ET breeding strategies to source some of the breed's top genetics and in turn use our top producing females to create quality offspring that display improved consistency, performance maternal traits and carcass. Full vaccination program of Ivomec, blackleg and modified live vaccines.

2016 HerefordBreeder.net Miss North America. Undefeated as the Bonanza Jr. Nationals Champion, Olds Fall Classic Champion, FarmFair International Champion and now CWA National Champion. Lastly, she was a RBC Challenge Top Ten Female and FarmFair International Top Five Female. Thank You to Lost Meadow Farms for their purchase of Harvie RSK Autumn 32D in the CWA Sale. We are very excited to be co-owners in the 2017 HerefordBreeder.net champion of the world. RVP 51X Ablaze 7A was named Champion of the World at the 2017 Fort Worth Stock Show. Owned with Harvie Ranching of Olds AB. Thank You to PJ and Koula Budler for all thier hard work in organizing such a great event!

## Testimonials

*"Our program for over 35 years is focused on producing top quality Black Baldy replacement females. The Herford bulls from Elite Genetics have been outstanding - very correct, sound, calving ease, quiet disposition & nice to handle. They compliment our Black Angus cows very well. The calves off these bulls are very attractive with exceptional performance. Dealing with the Elite Genetics group is a pleasurable experience - with outstanding service".*

**Clayridge Stock Farms Inc., Bob & Dorothy Clay, James & Melissa Clay, Fairlight, SK**

*"The bulls that we have purchased are quiet and easy to handle. They have been great breeders with good feet and can handle our pastures well. We have selected calving ease sires that have been producing high performance calves for our backgrounding operation and good uddered baldie females for replacements! We have a 550 cow calf and backgrounding operation, so including a Hereford influence just makes sense!"*

**Larry Slepicka, Minitonas, MB - Multiple Bull Buyer**

*"Here at Hollinger Land & Cattle we are a seed stock Angus operation, which consists of 100 Registered Angus females, as well as, 110 commercial females that are primarily Angus based. We have chosen to use Hereford Bulls in our commercial operation for numerous reasons. The black and red baldy replacement females are highly sought after and make tremendous mother cows. They are hearty in all conditions, have excellent udder quality and milking ability as well as longevity and performance. We can't say enough about the team at Elite Genetics, they are always there to answer any questions and are very knowledgeable and honest in terms of their genetics and program. As well, the Elite Genetics team were very helpful in making selections when buying sight unseen. We are very pleased with our purchases thus far, and look forward to working with them in the future."*

**Chad Hollinger, Neudorf, SK - Multiple Bull Buyer**

*"We've bought 3 bulls from the Elite Genetics Sales and have never been disappointed. The Bulls have all been very fertile, structurally sound with an easy disposition. They throw strong healthy calves that have provided our operation with a productive herd. These breeders are always a joy to deal with and have been very informative over the years. We hope to have many future dealings with them".*

**Kotyk Farms, Grandview, MB - Multiple Bull Buyer**

*"We chose Hereford bulls to make top end baldie females for our cowherd and resale value. They top the markets as females and are an ideal feedlot steer as well. Not only have we developed a great friendship with Elite Genetics, but we have selected top end bulls that work in our environment and don't melt down when out in the big hills. The customer service through EG sale group is second to none and their direction when helping to select our next herd sire is with the upmost honesty."*
